

**When a cool roof was on the shopping list,  
Save Mart turned to Barrier.**

## Single-Ply Roofing

*“Honest, competitive  
and reliable –  
they do a good job.”*

*Mike Tolladay, President  
Michael R. Tolladay Corporation*

## SAVE MART SUPERMARKET

### The challenge

Applying a roof while a facility is under construction is always a challenge, requiring coordination with numerous subcontractors and the ability to meet critical deadlines. The challenge is intensified when that roof must meet California’s strict cool roof environmental standards.

### The process

- Applied 5” of EPS insulation plus ¼” Densdeck and 45 mils single-ply roof system
- Worked around over a hundred skylights

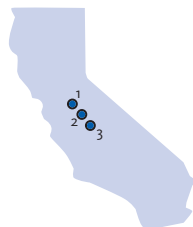

### The result

Barrier’s solution created a seamless, monolithic roof that was water-resistant, energy-efficient and met all cool roof criteria.

*“Barrier has done several projects for us,  
including single-ply roofs for Save Mart  
Supermarkets. We’ve always found  
Barrier to be competitively priced and  
easy to work with. Honest, competitive  
and reliable – they do a good job.”*
